

# GOLFGO.AI

## Revolutionize Your Golf Course Operations

AI-Driven Platform for Tee Time Booking & Check-In

### Goal:

Build an AI-driven, course-centric smart tee-time ecosystem.

### Core Concept:

"Course first, win-win collaboration."

### DEMO

# MARKET OPPORTUNITY

## Our Solution:

### The Problem:

Golf courses struggle with missed calls, inefficient check-ins, and outdated booking systems—leading to lost revenue and frustrated golfers.

- **High -reliability AI**

- App supports both voice calls and text-based interaction for tee-time booking
- Handles Multiple voice booking simultaneously
- *Free telephone line provided if needed*

- **Fully System Compatibility**

- The AI agent is fully compatible with the most widely used golf-course booking systems.
- Operates in parallel and does not interfere with your existing booking system..

- **Course Management Dashboard**

- Live system data and centralized control for efficient course management

# VOICE BOOKING

## AI Tee Time Booking:

- 24/7 voice-driven AI
- Never misses a call
- SMS confirmations

Call directly voice booking

🎤 Voice booking 1-> 🔊

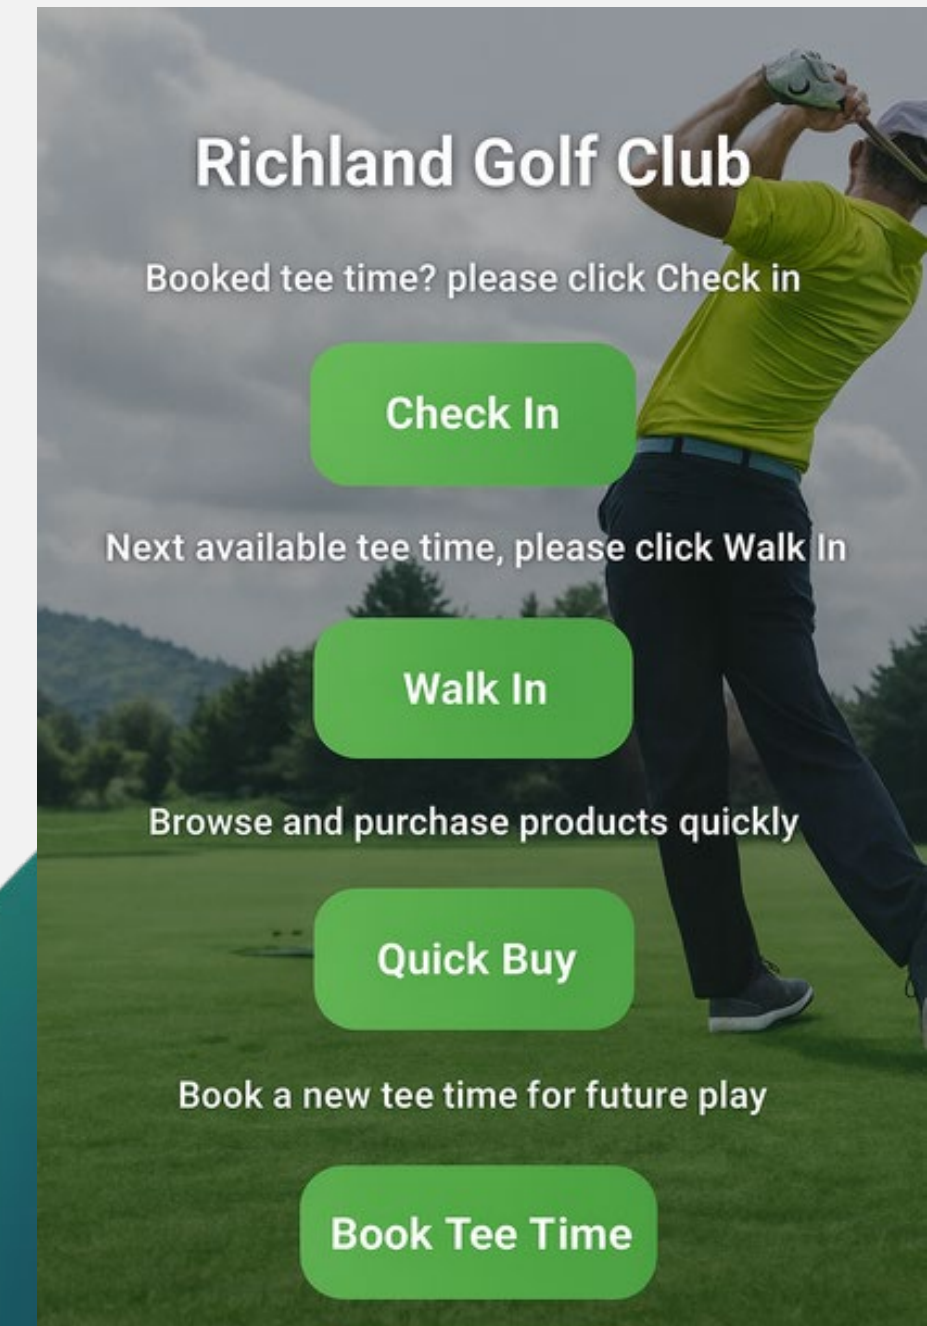

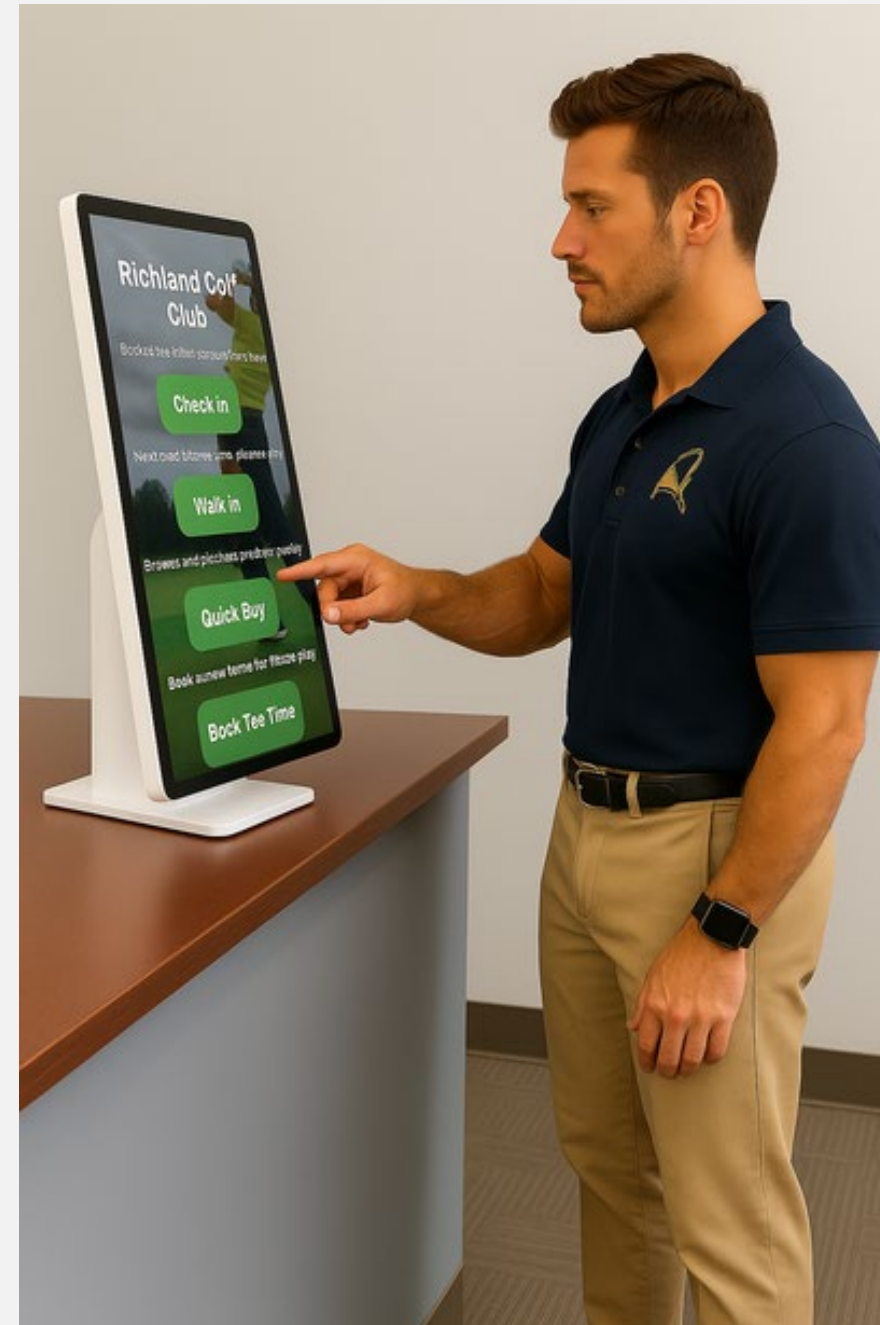

🎤 Voice booking 2-> 🔊

# KIOSK

## Self-Check-In Kiosk:

- Fast check-in
- Reserve Group Book
- Purchase products
- Secure payments
- Book Tee time

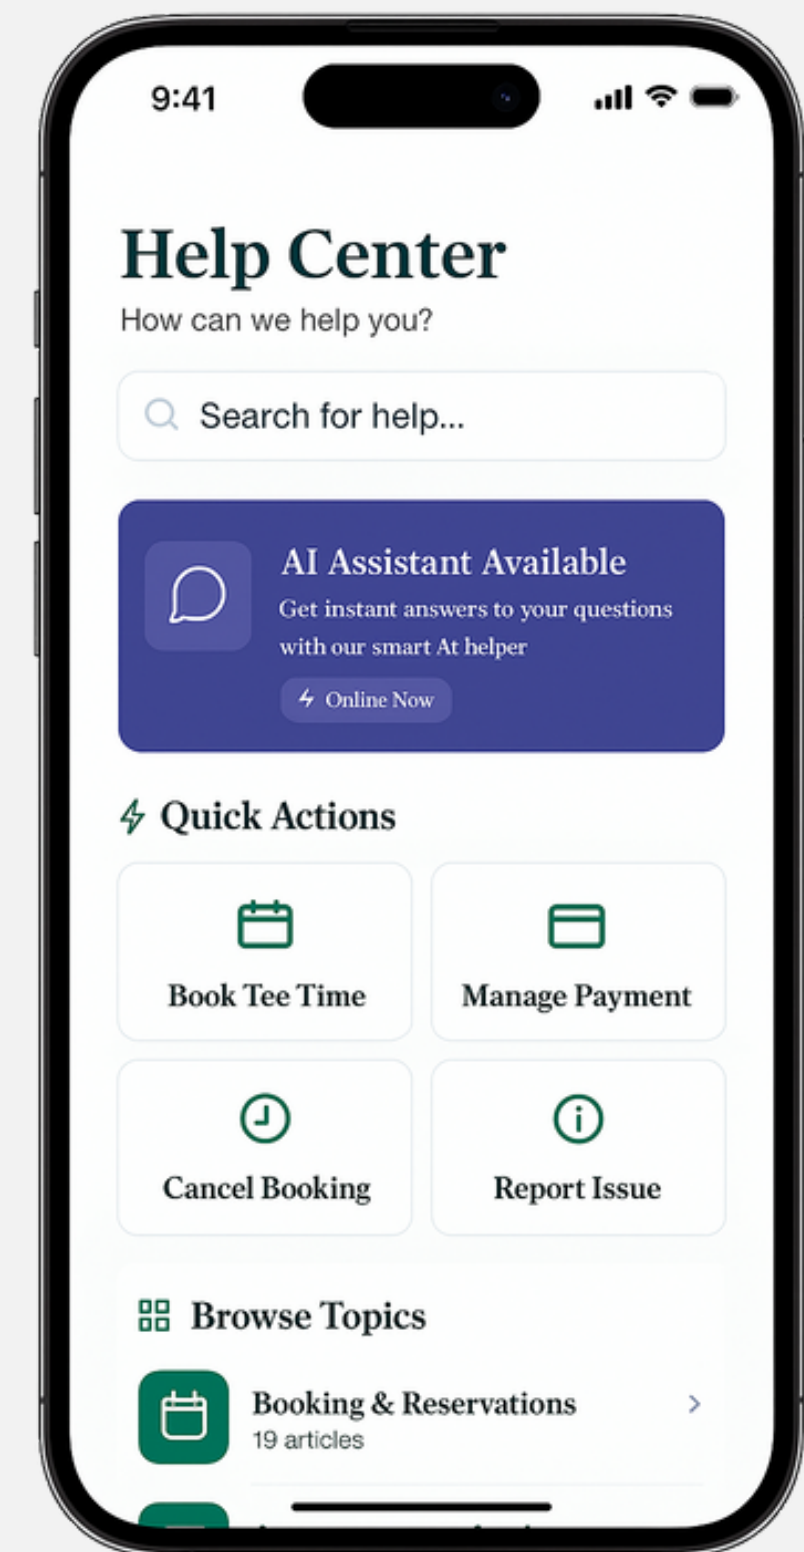

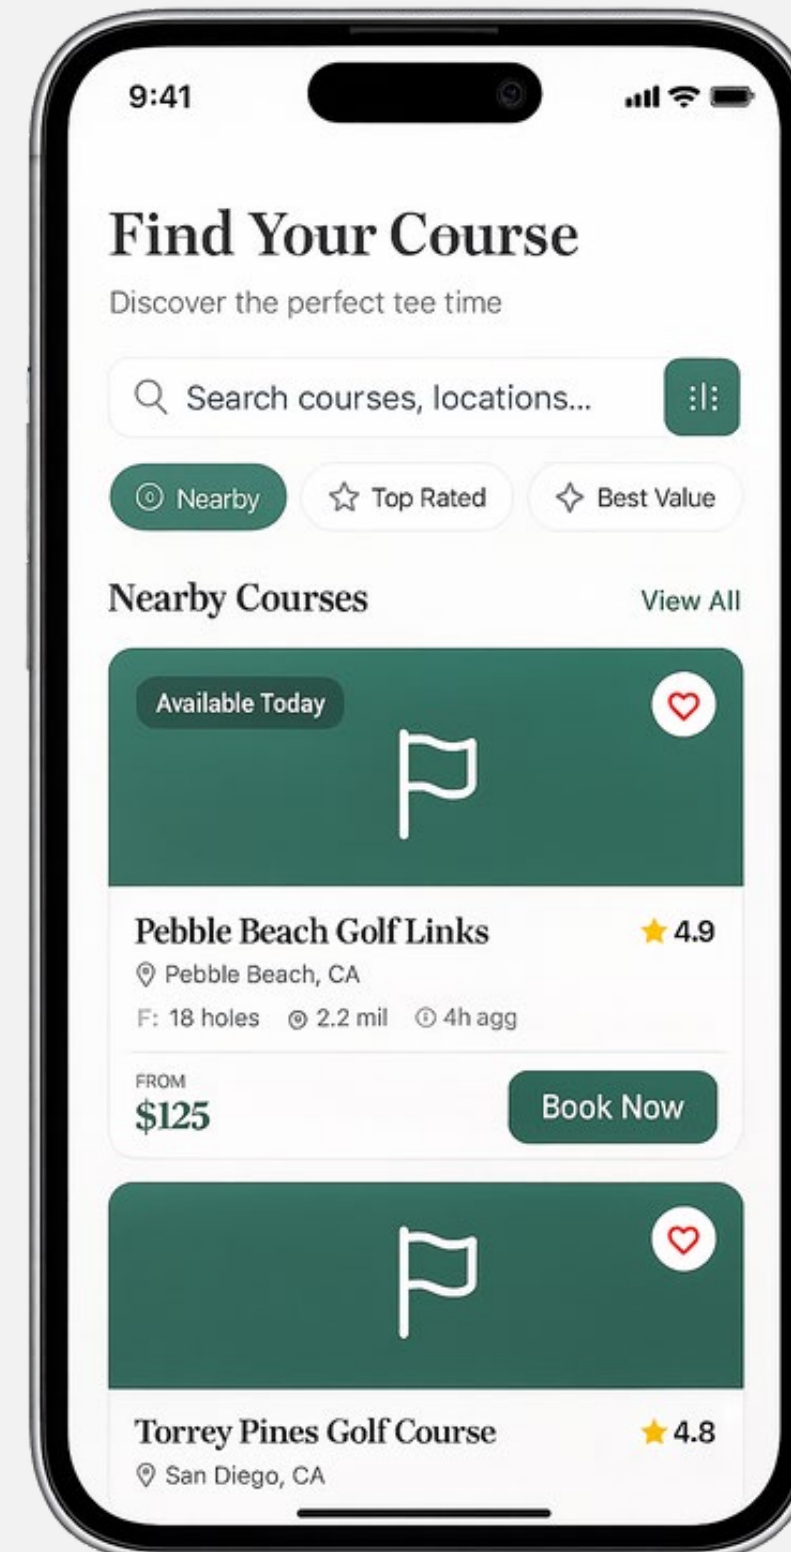

# GOLFGO.AI MOBILE

## GolfGo Mobile Application:

- Voice and Text Prompt booking
- Search by nearby Golf Courses, Address, or Zip code
- Secure payments

# Customer Success Stories

## What Golf Course Managers Say

"GolfGo AI transformed our operations completely. The AI booking system handles 80% of our reservations automatically, and our staff can focus on providing excellent customer service."

JM

**Edward Coyle**

General Manager, Richland Golf Club

"The self-check-in kiosks are a game-changer. Our players love the convenience, and we've reduced check-in times by 70%. Revenue is up 25% since implementation."

SR

**Patrick Brooks**

Operations Director, Richland Golf Club

"The analytics dashboard gives us insights we never had before. We can optimize pricing, track performance, and make data-driven decisions that boost profitability."

MY

**Mike Yang**

Owner, Richland Golf Club

"Island Green has seen smoother operations and happier golfers. GolfGo AI helps us keep the tee sheet full while reducing front-desk workload."

KV

**Kevin**

General Manager, Island Green Country Club

"With GolfGo AI, our team handles fewer routine calls and our guests get faster service. It's made a measurable difference across the course."

RB

**Rob**

General Manager, Thousand Island Country Club
